

# Pre Admission Process

## Registration Options

If you would like to pre-register online, please visit <http://iohpat.ors.cc>  
You may also call (317) 956-1194 from 10 am to 7 pm, Monday - Friday.

If you are unable to complete your pre-registration online or by calling the number listed, someone from the hospital registration department will attempt to call you within two days of your surgery.

Please bring the following information on the day of surgery to ensure you will have everything you need for a quick and efficient registration process:

- Insurance card and personal ID card
- Proof of legal guardianship / power of attorney (If you plan on someone other than yourself signing hospital consents you will need these legal forms).
- Advance directives (optional)

At IOH we want to make sure that every patient has the information needed to make decisions about their health care and health care options should family or friends need to make decisions for them. The Indiana State Department of Health has provided us with a complete discussion of health care decisions called "Advanced Directives". You will be provided a copy of this information when you check in for your surgery or you may review and complete the information at anytime by logging on to:

<http://www.in.gov/isdh/files/advancedirectives.pdf>

## Health Information

A nurse from the anesthesia department will contact you by phone to review your complete medical history. This is necessary for your safety to make sure all health information is correct and up-to-date.
